WINE CLUB IS BACK IN ACTION
June 23rd 6:45-8:00
\$35 per person (\$60 for two)

It has been too long. But I do believe it is time, time to embark on our journey thru the world of wine once again at the Cove. To kick-off our long-awaited return, let's look at the subject of tasting wine. More specifically, how to taste wine? What are things (or as we say in the biz, the 'markers' in a wine) we look for in identifying the different varieties (such as Chardonnay, Sauvignon Blanc, Cabernet Sauvignon, Pinot Noir, etc.); and the clues to spotting a bad bottle of wine. We will take the pomp and circumstance out of this 'ritual' and taste for fun's sake. Oh, and I will also disclose the mystery behind that cork presentation at the restaurant! Hope to see you all again.

THE 4th OF JULY GRAND MARSHALLS ARE... ANDY & GEORGIA BATCHO

Andy & Georgia Batcho, both born in So. Bend, Indiana, bought their home in Normandy Park in 1974 after moving from Cape Canaveral, Florida where Andy was working with Boeing as an electrical engineer on Apollo 11 thru 17 and some Space Shuttle. They remodeled their home some 17-years later winning the Seattle Times/ AIA Home of the Month. Georgia worked for the Bon Marche as a Divisional Sales Manager for 17-years. Andy retired from Boeing in 2004 after 35-years of service as a Senior Engineering Manager.

Both Andy & Georgia got involved with the Cove soon after moving to Normandy Park, Georgia volunteering to organize / decorate the building for many, many events over decades. She ran a corn & sausage roast and garden produce raffle for many years as a fundraiser and participated in years of 4th of July celebrations as a volunteer. Meanwhile, Andy, being a fishing & fly-fishing enthusiast, president of a local Trout Unlimited Chapter, 2008 Field & Stream magazine "Hero of Conservation". and a world-record holding fisherman; turned his attention to the Cove streams, wetlands & ponds designing, obtaining permits and grants for many of the now existing stream restoration projects and trails/ bridges at the Cove, many with the help of the of the 26 Eagle Scout candidates he is mentored at the Cove over the decades, to help them achieve the rank of Eagle. Andy also spurred the efforts to replace the failed bridge in Walker Preserve with the new "Volunteer Bridge" created by volunteer neighbors. He is also written many articles for the Cove newsletter and NP Scene magazine.

Andy also puts his engineering background to work at the Cove with all sorts of projects. Designing the new energy efficient lighting system for the Cove building, repairing / maintaining the building systems, maintaining Cove lawnmowers, conceptual designs for the entrance gardens, working on irrigation systems, bringing internet into the Cove building, providing concepts for the story pole, Circle of Life, Salmon Bench, metal artwork and another Cove carved artwork. Georgia ran her own jewelry business and was a regular at the Christmas Bazaar, for 21-years organized a huge fundraising event for Trout Unlimited, and she volunteers to help Staci, office manager with addressing newsletters and help with dues envelopes. They've both worked to repaint portions of the inside of the building during the pandemic shutdown.

Both Georgia & Andy have been regular members Stewards of the Cove since its inception many years ago also preparing lunches for the Steward workers. Andy has been the volunteer "minute taker" at Cove board meetings for about a dozen years.

Both Andy & Georgia enjoy volunteering at the Cove and have met a lot of great neighbors who also support the Cove who have now become friends. The Cove has provided as much to Andy & Georgia as they have given. Andy & Georgia were chosen to be Grand Marshalls in 2011 and were very surprised to be selected again as 2021 Grand Marshalls.

GUIDELINES FOR FIREWORKS AT THE COVE

Setting off fireworks at the beach to celebrate Independence Day has long been a family tradition at the Cove. There will be two police officers in addition to our security guards to enforce the City and State ban on illegal fireworks. We ask that all Lot A owners and their guests observe the following guidelines this Fourth.

1 Discharge only legal, "safe & sane" fireworks. (Illegal fireworks include: firecrackers, bottle rockets, missiles and rockets; these will be confiscated.)

2 Children under the age of 16 may not possess or discharge fireworks unless under supervision of an adult.

3 Clean up after yourself. Convenient garbage collection cans and dumpsters are located at the beach area.

4 Be aware that the beach is very crowded, and misguided fireworks can cause injury. Direct fireworks only out over the water.

5 The City Ordinance prohibits the discharge of fireworks after 11:00pm. Again, please be considerate of your neighbors.

6 Donate some time Monday morning to help with final clean up.

7 Celebrate, have fun, but please act responsibly so others can also enjoy this special time.

**Fireworks may be discharged
on the Cove property
ONLY during the times listed below:**

**July 3rd, between 6pm and 11pm
July 4th, between 4pm and 11pm**
