

Normandy Park Community Club Board Meeting Minutes SUMMARY

- **Thank you to Terrain** for their donation of 3 back-hoes with operators to clear the beach of logs last month.
- **Stewards & Maintenance Events:** May 13 is the next Stewards & is also the date for the annual Parkside Garden Club plant sale, as well as the Miller-Walker Basin Stewardship event. Conflicts will try to be avoided in the future.
- **Forest Restoration Project** is nearing agreement to begin work on Stand 2. This is a 15 year commitment, funded largely by a grant program through King County. The goal is for this to be a great looking area full of Cedar & Doug Firs rather than deciduous that are currently there.
- **Summer Youth Tennis Lessons Coming!** Look out for the registration link in the coming days!
- **4th of July Events Quickly Approaching!** The festivities rely on 30+ volunteers to organize all of the fun. Reach out to Staci if you'd like to help!
- **Eagle Scout Projects:** We now have horse shoe pits, and later in the summer will have upgraded standing BBQs at the Cove beach – THANK YOU to our Eagle Scouts & continued support from the local Boy Scout Troops!
